

COSTRUIRE UNA STRIPPING GUIDE

Di Luciano Oltolini

Fotografia e impaginazione di Alberto Poratelli

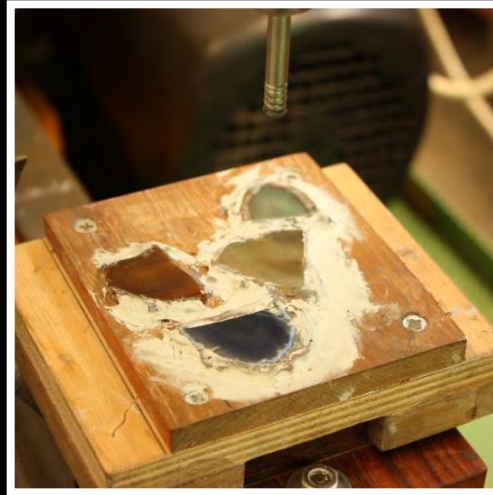

2009

Una rapida rassegna di
fotografie scattate durante la
costruzione di una stripping
guide in agata

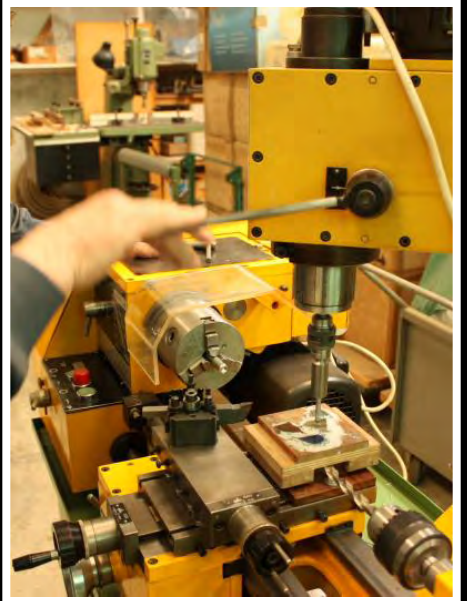

Vi presento Luciano
detto
"l'uomo dalle mani d'oro"

FORARE LA PIASTRINA IN AGATA

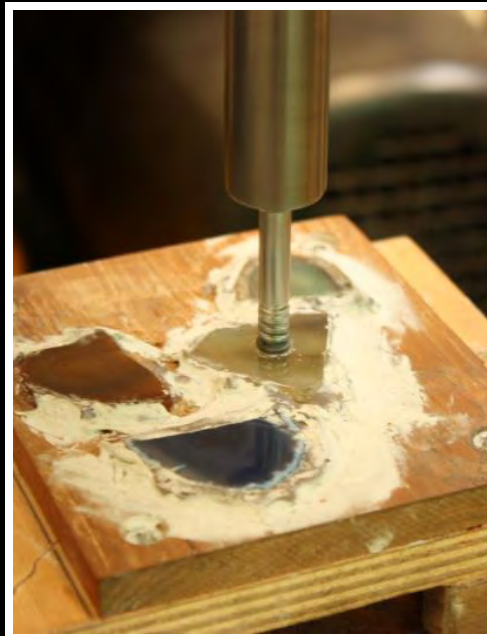

... un trapano a colonna con punta diamantata

Importante...

la leggerezza e la sensibilità per non rompere la piastrina

Stucco da
carrozzeria

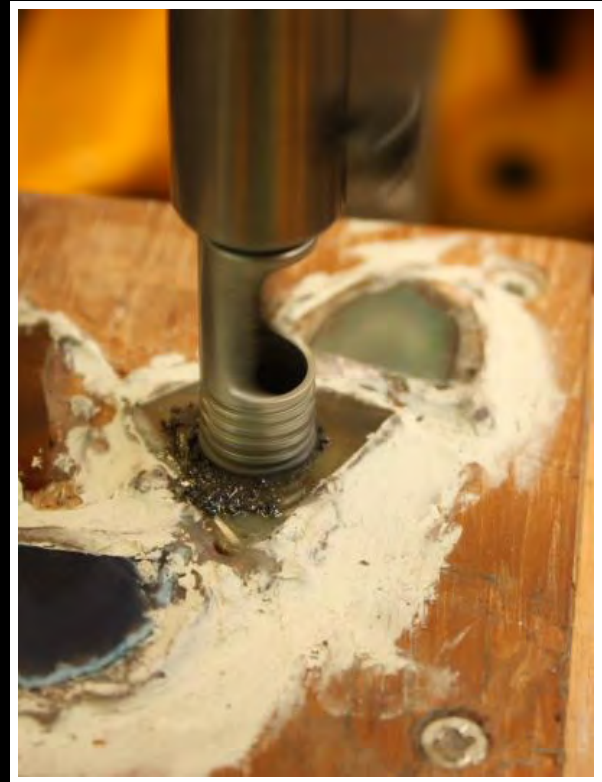

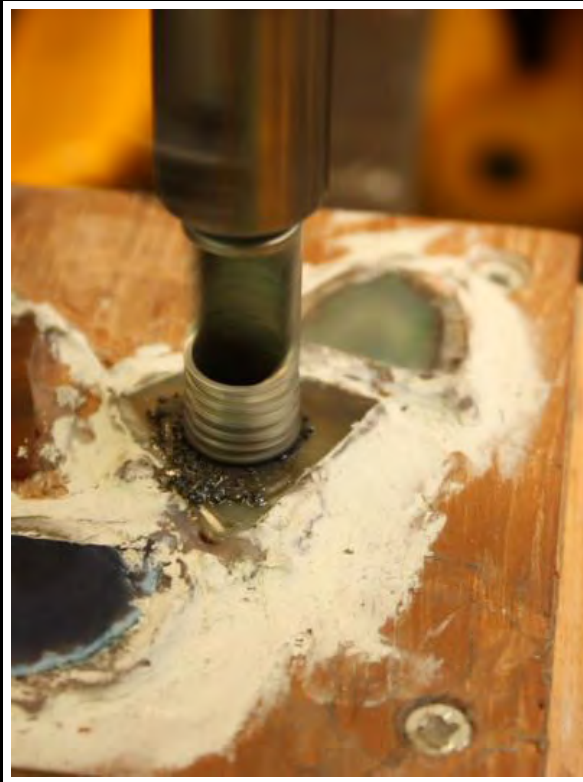

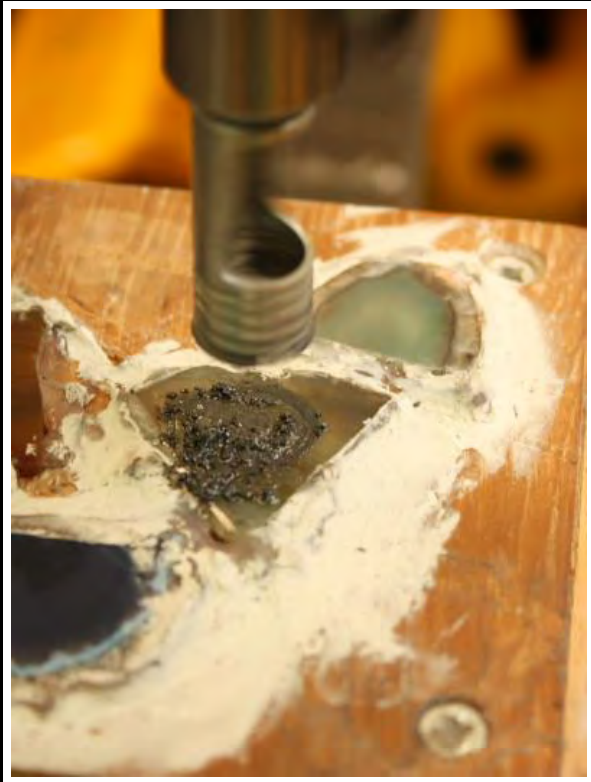

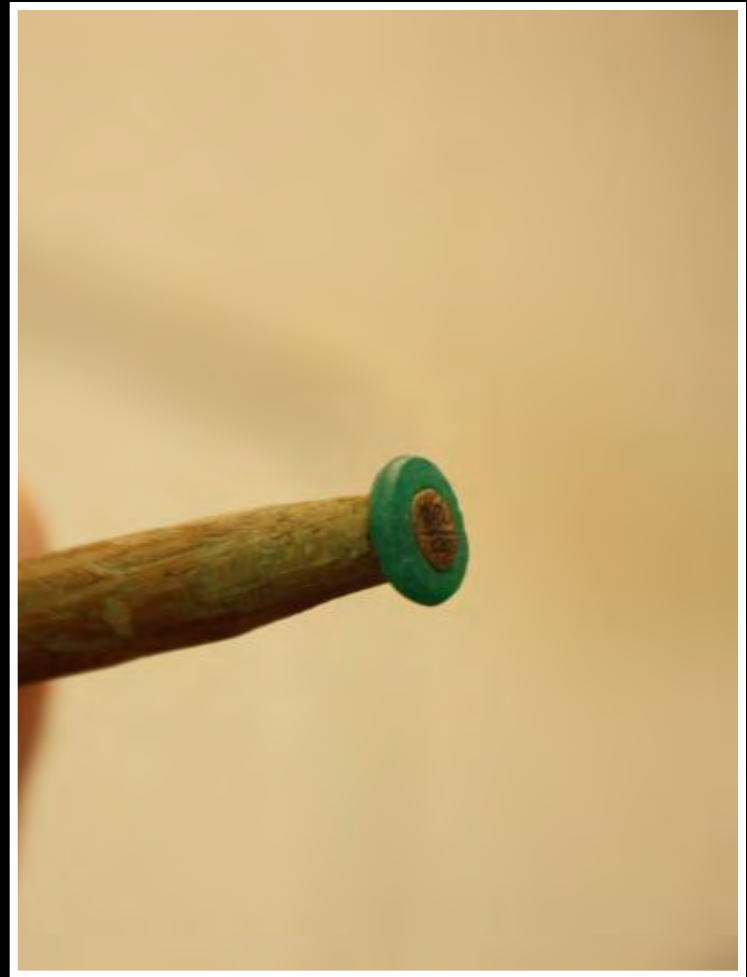

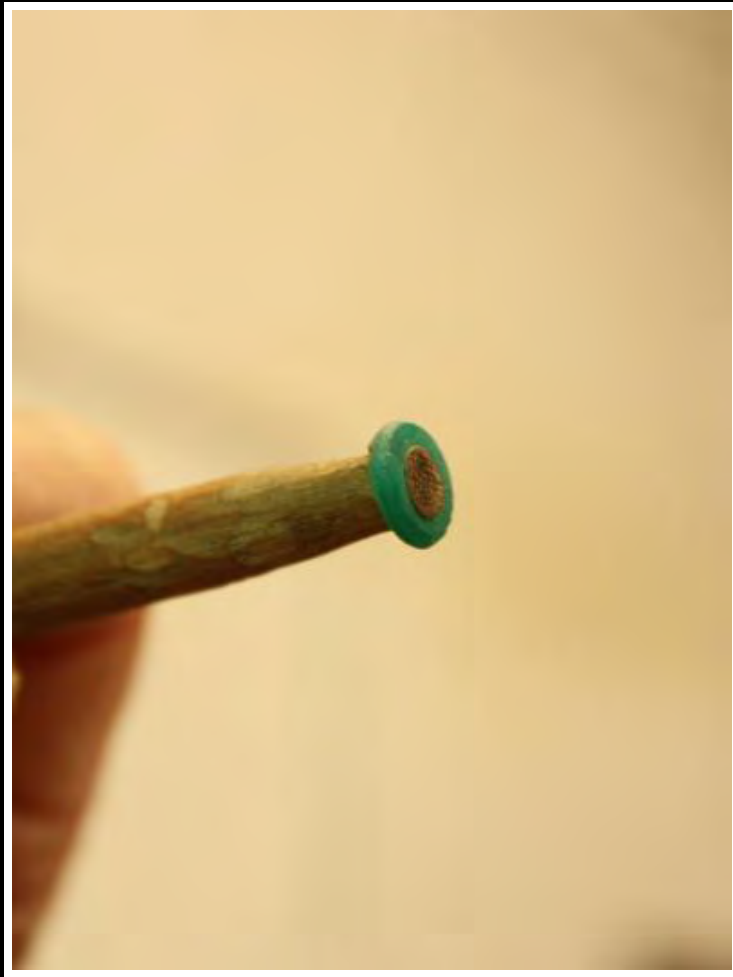

Per fissare
le agate

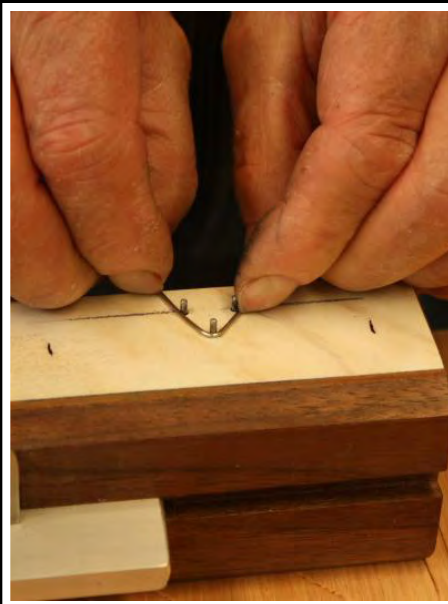

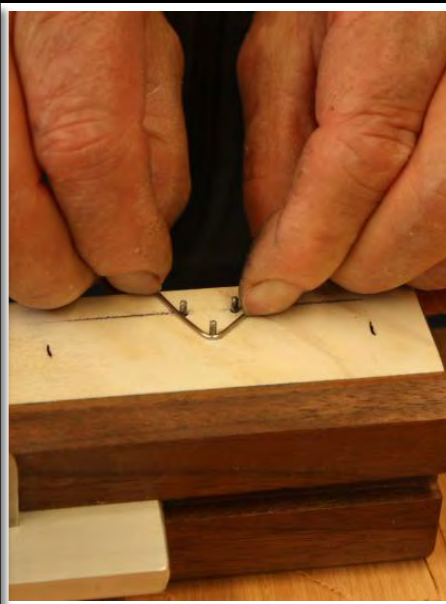

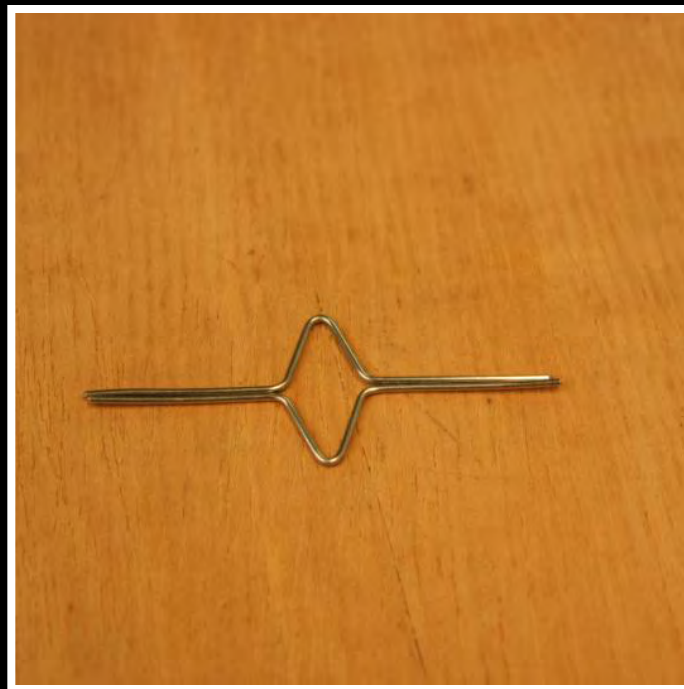

Luciano usa filo
di nickel-silver

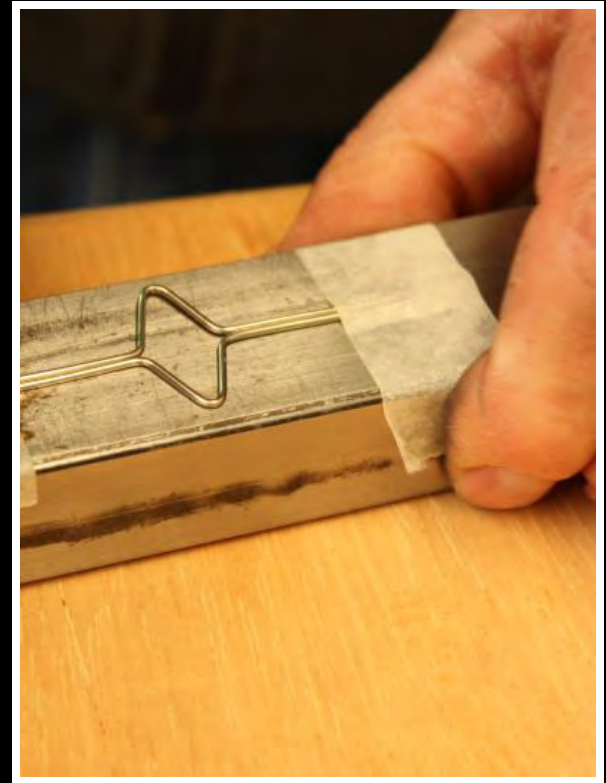

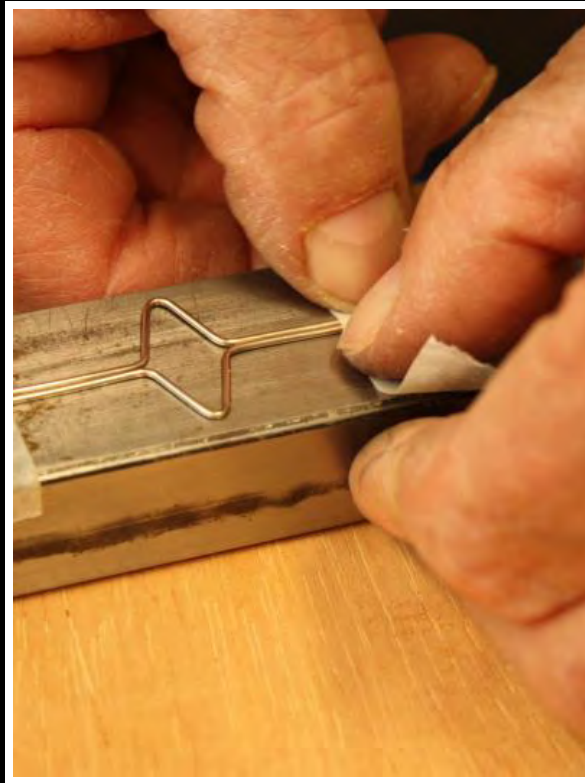

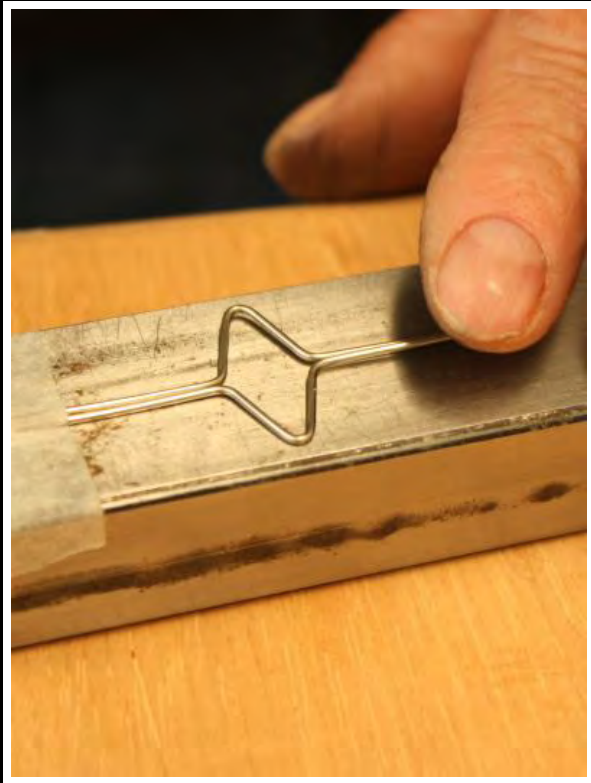

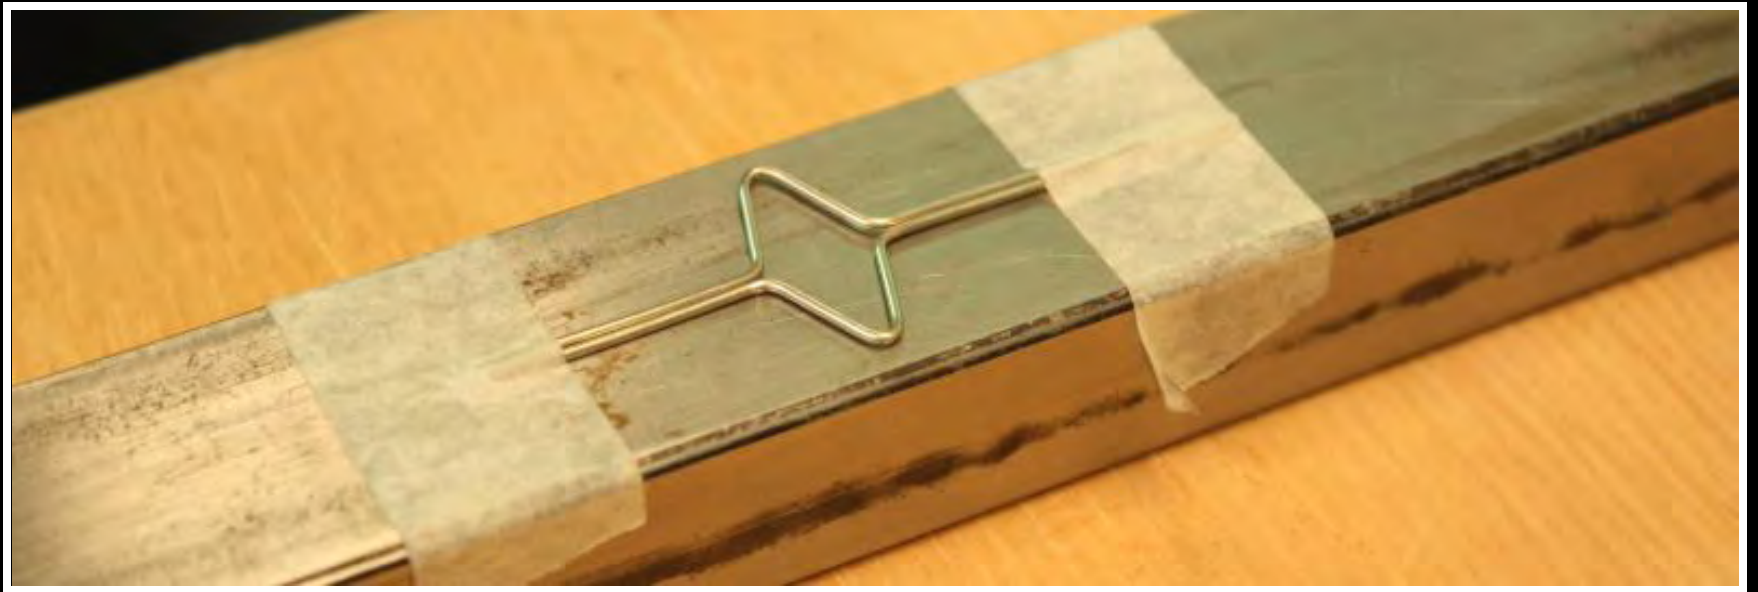

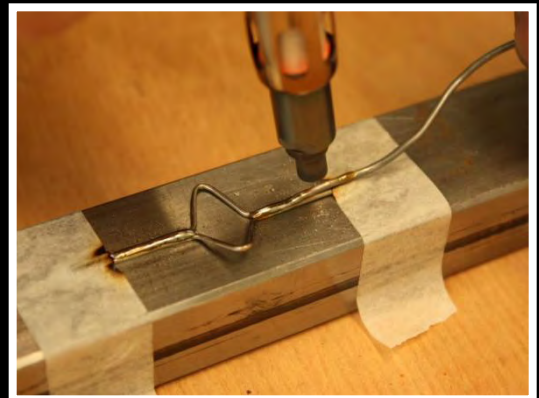

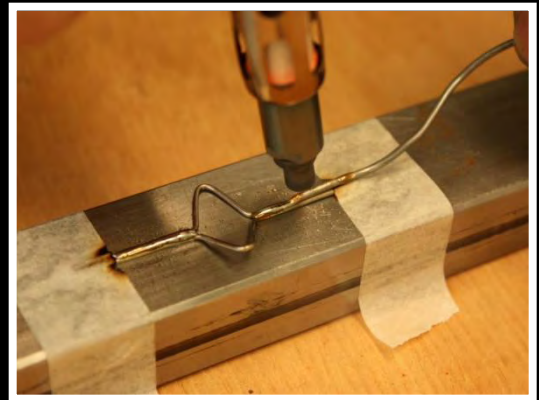

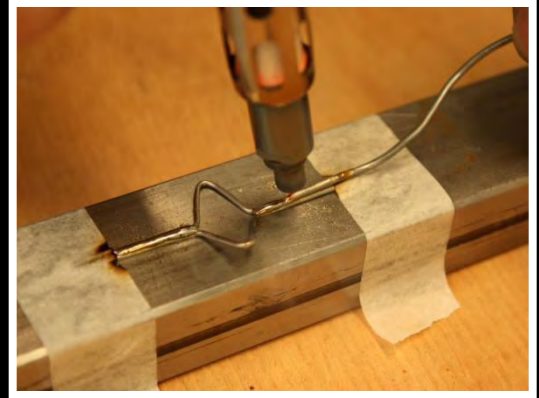

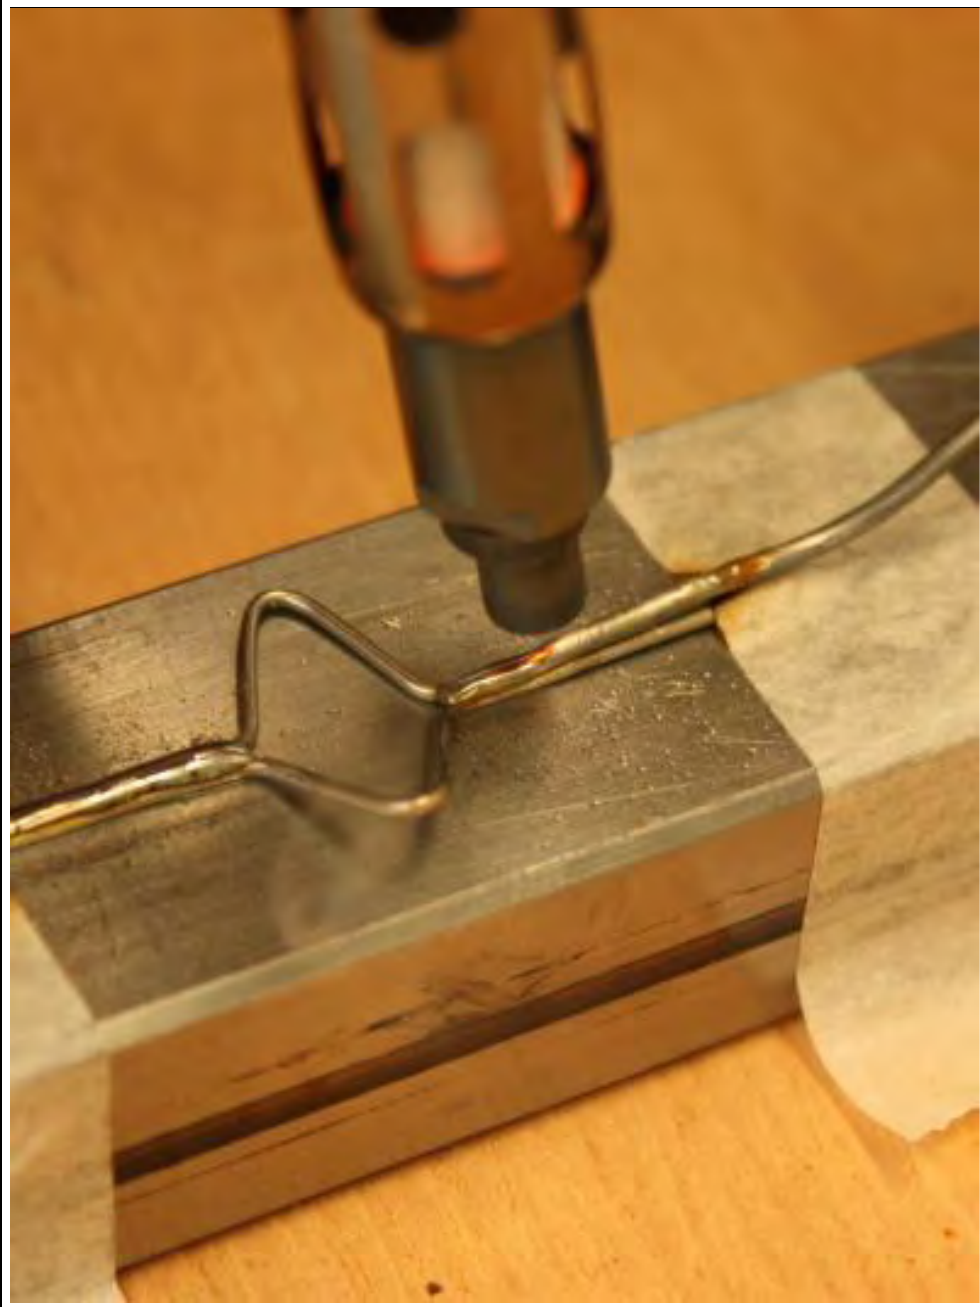

La saldatura

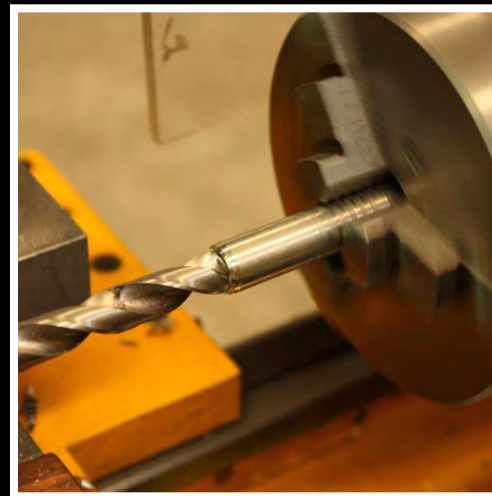

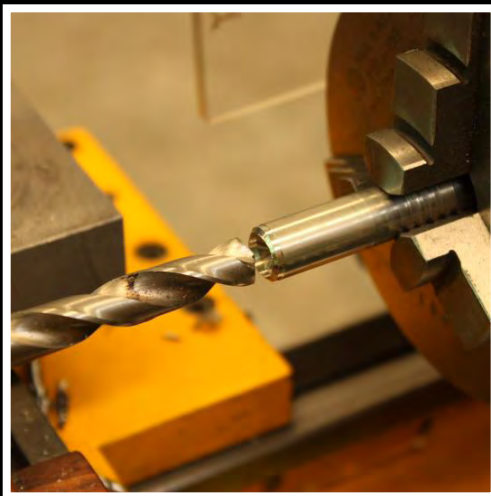

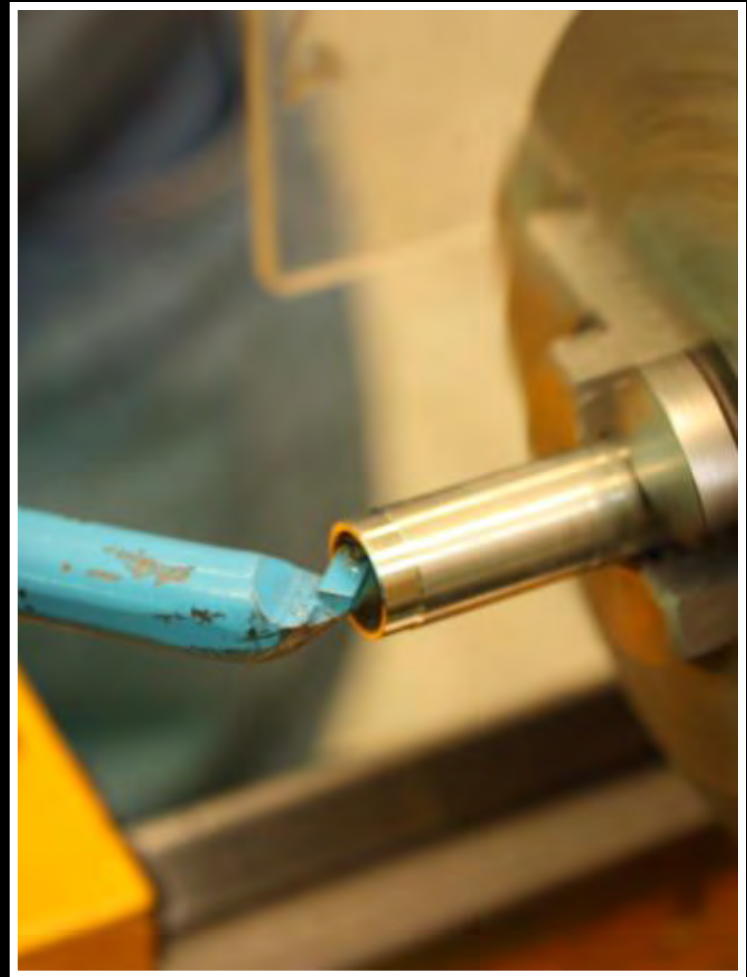

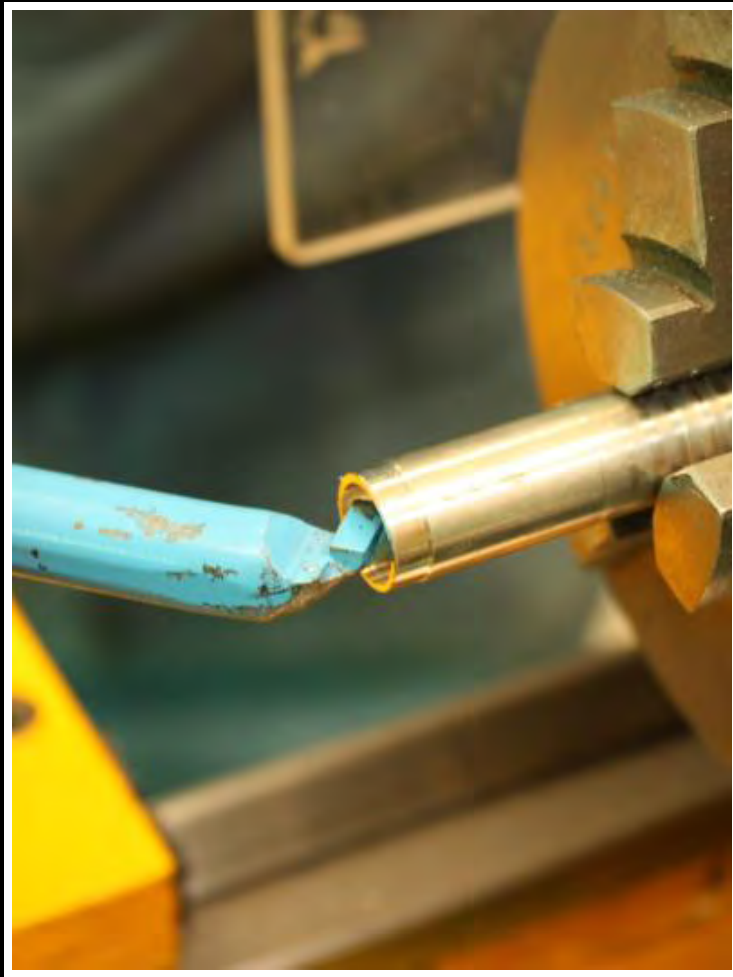

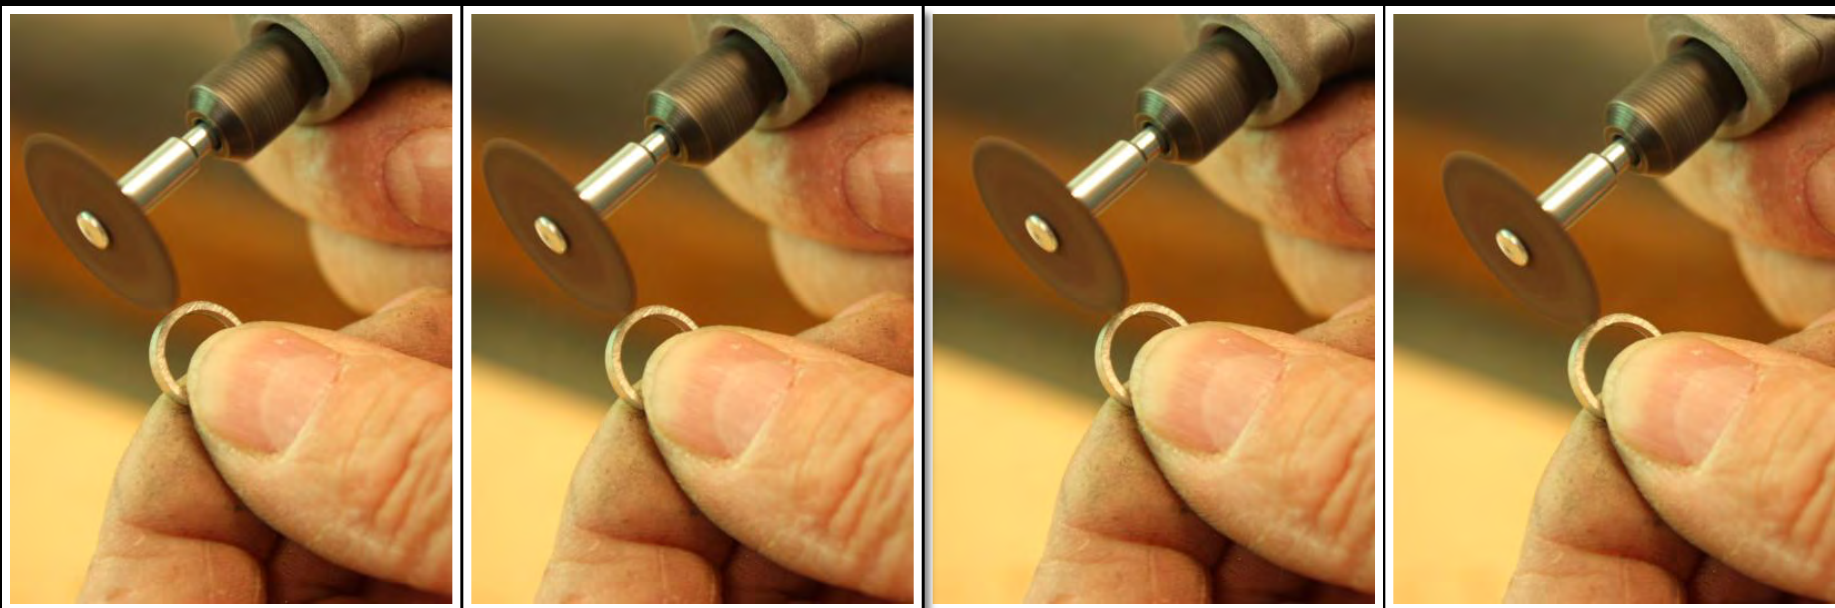

La preparazione del castone

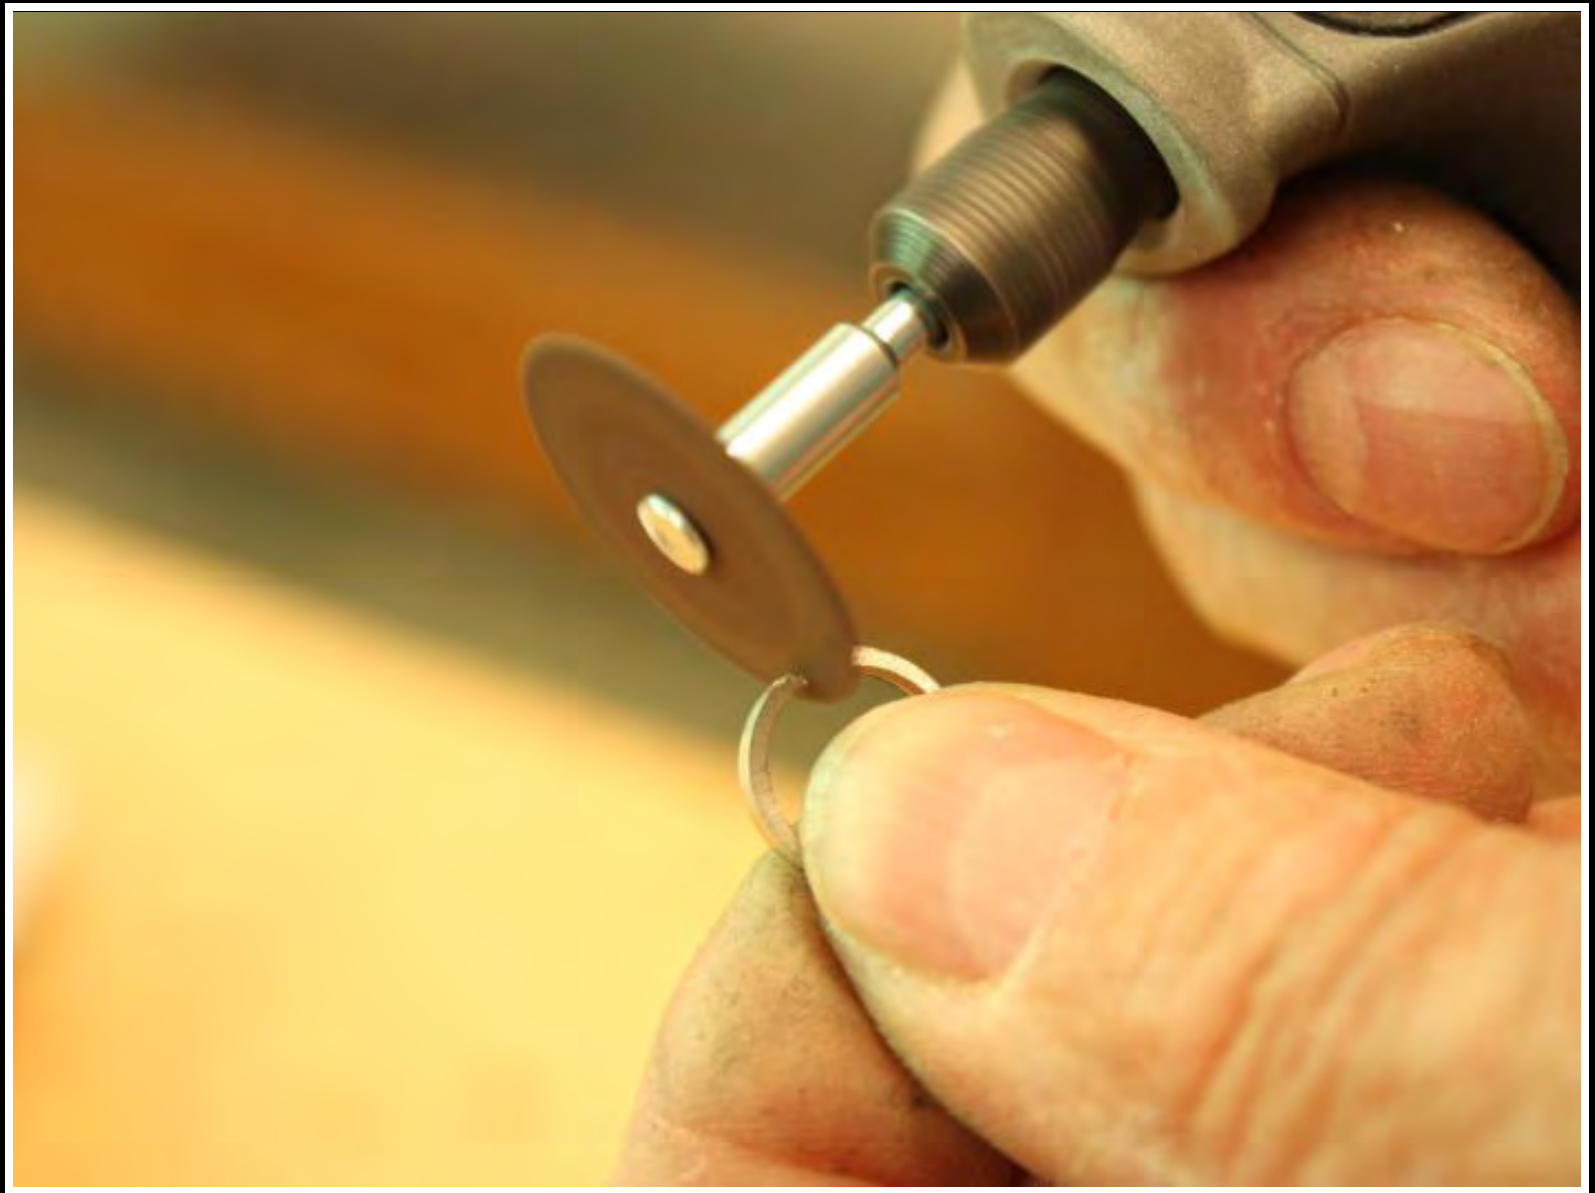

Incastonare l'agata

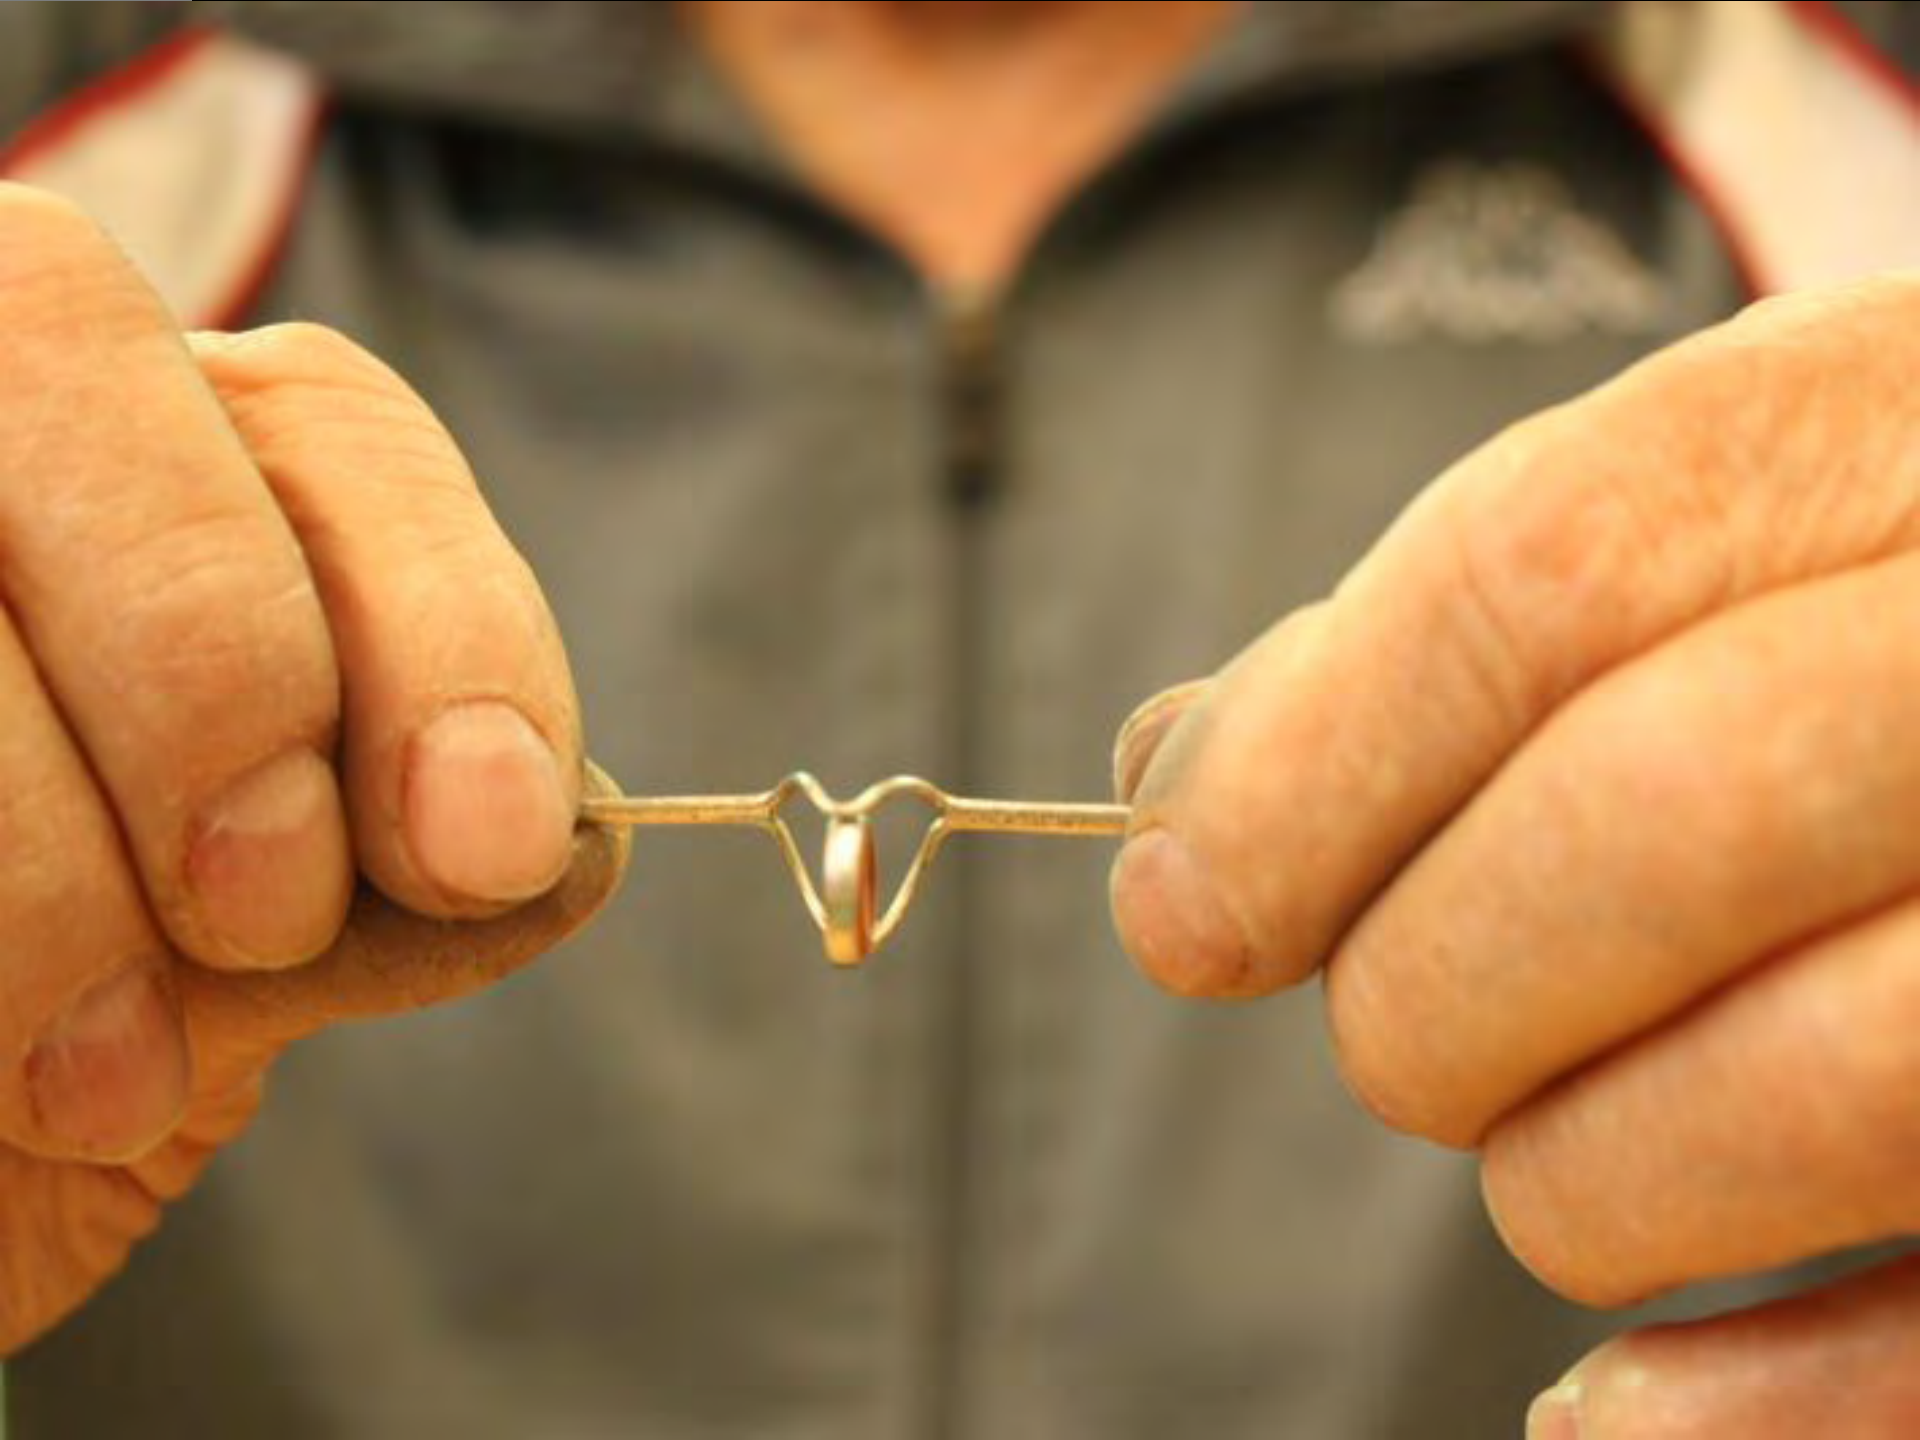

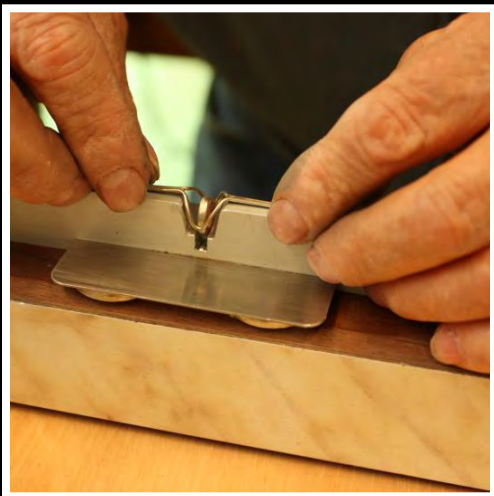

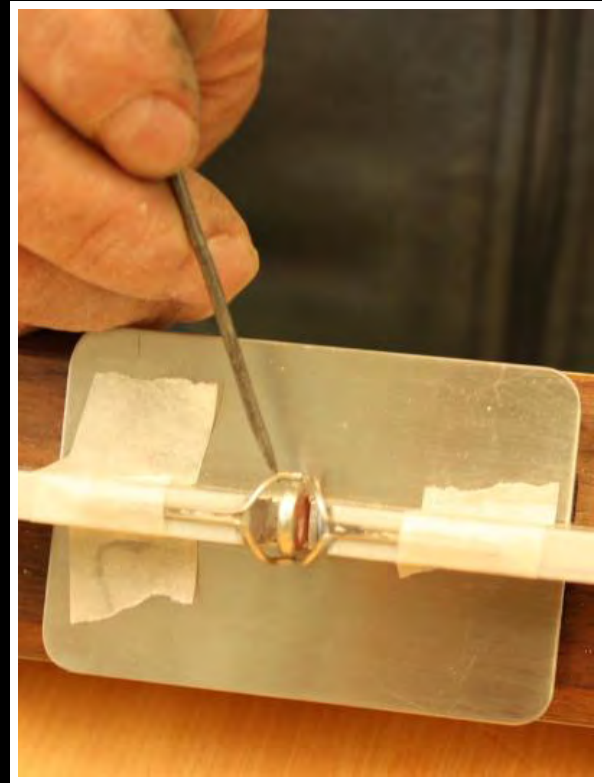

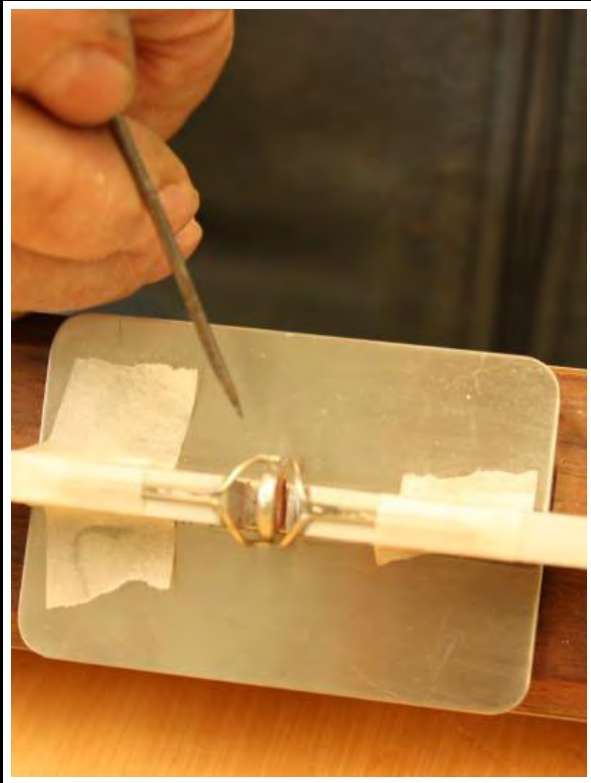

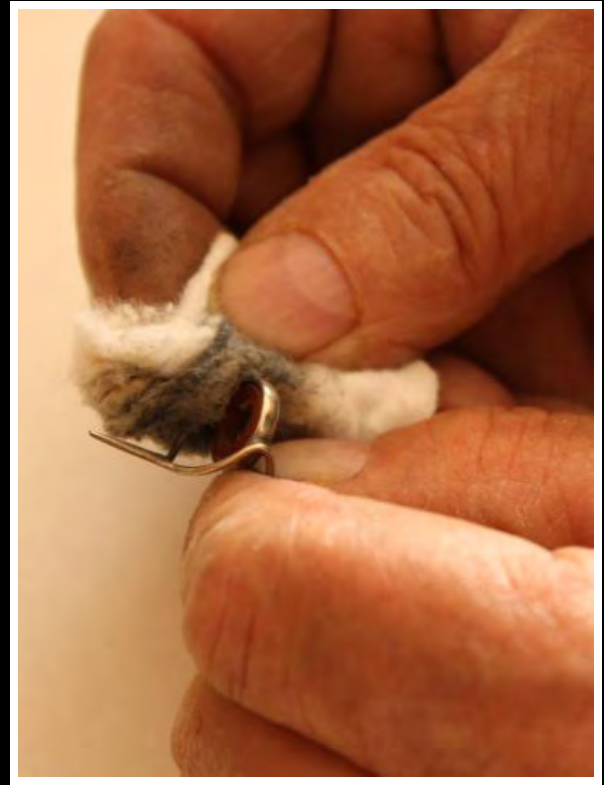

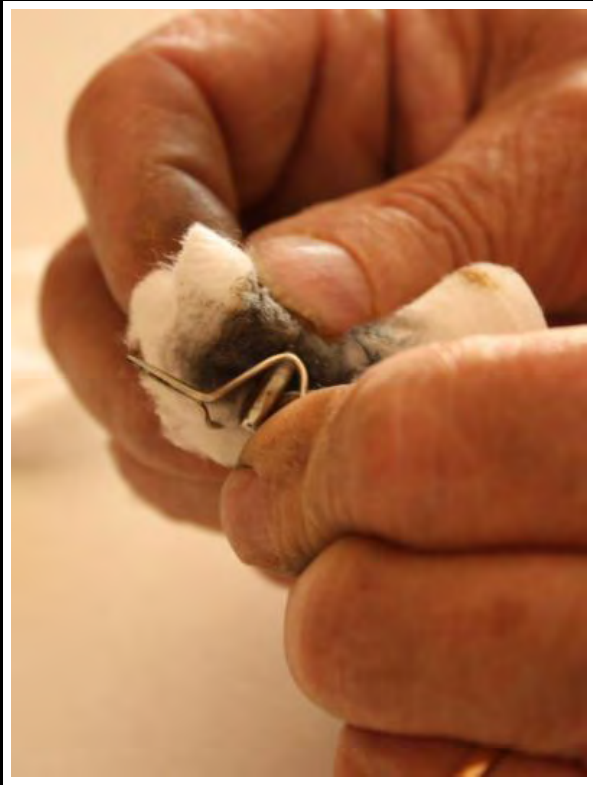

Il prodotto finito
